**HYMN:** “Bless this Infant” (William B. Petricko)

Gentle Jesus, bless these infants, keep them in your tender care.

You who welcomed little children, turned no helpless soul away.

We have brought these children to you, sent your spirit here today.

**C: And also with you.**

**L:** Lift up your hearts.

**C: We lift them up to the Lord.**

**L:** Let us give thanks to the Lord our God.

**C: It is right to give God thanks and praise.**

**L:** Blessed are you, our Creator, Ruler of the universe,  
Maker of heaven and earth, Keeper of sky and sea.

At the beginning your Spirit was as work,  
brooding over the waters of creation's birth,

Again and again,  
you have shown your grace to us as water -  
cleansing the earth at the flood,  
parting for the exodus at the Red Sea,  
flowing from the rock in the wilderness.

**C: Blessed are you, our God.**

**L:** Therefore, eternal and present God,  
we bless you for the water with which you bless us.  
We pray that those who are baptized  
into the death and resurrection of Jesus  
may live in your grace,  
Pour out, O God,  
your Holy Spirit upon us, and upon this water,  
that this font may become  
your womb of new birth,  
our fount of blessing and source of grace.

**C: Blessed are you, O God.**

**L:** All glory, praise, honor be to you,  
now and forever. **Amen.**

**A Chicken Farm in Kenya**

Farmers learn best from one another. The Organization of African Instituted Churches (OAIC) supports farmer-to-farmer knowledge exchange through interactive model farms. OAIC is one of our long-standing Mission & Service-funded global partners. The farmer-to-farmer project would not exist without your gifts to Mission & Service.

The model farms in West Pokot, Kenya, give rural farmers opportunities to physically demonstrate and teach each other appropriate technologies and new methods. Depending on what's being tested or showcased,

the demonstration farm could have different types of crops and crop varieties, livestock or poultry breeds, fertilizer treatments, or technology such as drip irrigation.

The practical learning sites have proven popular with the younger generation, who want hands-on involvement in the changes. More primary schools are actively engaged with 4K clubs—clubs that teach children how to grow crops—in Vihiga County, Kenya.

One of OAIC's initiatives is to promote chicken farming to farms that are subject to extreme weather or aren't large enough to raise cattle. Women in particular have taken to raising chickens to boost their household income and also for the eggs, a good source of protein for their families.

Well-presented demonstrations enable farmers to see for themselves how the new technology works; small-scale farmers adopting new methods are taught how to cope with and manage ongoing agricultural challenges, climate change, and food insecurity.

If Mission & Service giving is already a regular part of your life, thank you so much! If you have not given, please join me in making Mission & Service giving a regular part of your life of faith. Loving our neighbour is at the heart of our Mission & Service.
